Photo courtesy: JD Lasica / Flickr Even after his career like CEO came to an end, he continues to increase his net value of \$ 14.7 billion. When he came the time to enter the university, MA actually suspended the income exam. Twice. Photo courtesy: Onimovation / Flickr Si, the auction web became eBay two years after A e e A e and then exploded literally. Schmidt has been a delegated counselor in other companies throughout the race of him, but the 10 years of him with Google earned him more cash. Help it amounts to about 31,600 million dollars. Do they imagine what would happen if I would not stop leaving him? Who says you really have to go to college if you're a genius with gross talent? Marissa Mayermarissa Mayer was born in the small town of Wausau, Wisconsin. Together they founded Google, the most used search engine (and much more!) In the world. Thousands of millions of buses are made daily on Google, so it will not be surprised to know that the net gear value is 57.3 billion dollars. If you've ever wondered what some of these multi-millioners are so special, here is your chance to find out. She was co-CEO for 10 years and managed to acquire a net worth of 15.6 billion dollars. Many of the most rich, intelligent and educated technological giants owe their billions to the boom of the digital age. The original value of him in his life took him to get a title in Princeton and win some good money on Wall Street, but she left him back to test your hand in electronic commerce. Ellison soon gave another chance at college, but dropped out again after only one semester. Originally, he wanted to be an architect, but switched his major to electrical engineering at the last minute. Gasso Plattnerhasso Plattner was one of Dietmar Hopp's colleagues who joined him when he left IBM and Fundando SAP. As a result, she spent her teenage years working in a factory instead of studying in high school. Before his death, Grove was worth a fair amount of \$500 million.Robin LiIf Google is the search engine of America, Baidu is the search engine of China. Plattner's origins also help to explain your life choices. Photo courtesy: Freedom to marry/ Flickr It was during Doctoral studies in Stanford that Brin and Larry Page conceived the idea of creating Google, which was named after the term of "government" mathematics to refer to a 1 with 100 zeros. Li's parents were fabric. Factory and nothing was given to him in his life. Eric Schmidt is one of them. He excelled at school, eventually attending Harvard University to study mathematics and economics. After earning his degree, he went to Stanford University Graduate School of Business and ended up working for the king of technology: Bill Gates. What has this otherworldly feat got him? Photo courtesy: Graves38/Wikimedia Commons Saverin was born in Brazil, but thanks to his family's wealth, they were able to move to the United States when he was only 11 years old. She was always interested in artificial intelligence, so she studied computer science at college and then took a job as Google's 20th employee and then took a job as Google's 20th employee and the first female software engineer. As the second richest man in China, LiAcA's net worth is \$7.5 billion, according to Forbes.Shiv NadarShiv Nadar (pictured right) is another of India's wealthiest entrepreneurs. The trauma did not stop Masayoshi Son from becoming the second richest individual in Japan. The company's big opportunity came when IBM left India, and Nadar saw the opportunity to fill the void. That's right, a billion. These days, it focuses mainly on its many investments. He wrote several books about his knowledge and experience, including Only the Paranoid Survive and High Output Management. Essentially the equivalent of Amazon, the company made the richest man in Ma China.Jeff BezosMost people know Bezos as the founder of Amazon, but he was also a successful entrepreneur before that. He founded the Internet tycoon. For now. Ultimately, he retired to focus fully on expanding and improving the technology. He decided to leave the company in 2008 to pursue other efforts. Things weren't always so smooth for Qiangdong, and he made some ill-advised investments during college that landed him in serious debt. Born in Russia to a mathematical father, he came to the United States with his family when he was only 6 to escape Jewish persecution. Most importantly, he owned the only telephone company in Mexico, Telmex, which helped him happen at American Tech. In college, he was appointed " student of the year, but then retired a year later. He's obviously brilliant, but if he needs additional testing, he scored an amazing 1590 out of 1600 on his SAT test.Larry EllisonLarry Ellison, the ascent to success was anything but simple. When an economic shock hit Mexico, Helu took advantage of the situation and invested in several different companies. At the end of the day, this a Net Worth is an impressive female powerhouse
